

## Red, White & Blue

How to celebrate 400 years of the King James Bible? Why not a special Allan Bible to mark this special anniversary?

I'm thinking of something patriotic since the Queen holds the copyright to the Authorized Version of the Bible. And something to appeal across the wide ocean of Bible lovers. So we've settled on the KJV Longprimer setting - Allan's best - to be bound in Atlantic blue calfskin with full leather linings, embellished with white head and tail bands, blue under gold page edges, and cardinal red ribbon markers.

The Longprimer Blue, with red and white thrown in for good measure.

That should be a bit special. Watch out for full details as we approach the quadcentennial year of 2011.

Nicholas
